PROFILE

Mission-driven and design-build focused. My aim is to contribute to a team where creativity and constructibility align - pairing a builder's mindset with a designer's eye. With hands-on site experience, education in Architectural Studies and Construction Management, and proficiency in BIM and visualization tools, I approach every project from concept through constructible detail.

ERICK SABANDO / ARCHITECTURAL DESIGNER

EDUCATION

Arizona State University

B.S. Design / Architectural Studies (in progress)
Minor in Construction Management.

Mesa Community College

AAS, Animation & Time-Based Media

Yavapai College

Aviation / Flight - Helicopters (2014-2015)

KEY SKILLS

Design + Documentation

Adobe Illustrator, Photoshop, InDesign, Acrobat. Rhino, Revit, Blender. Revit & Rayon documentation.

Visualization

Twinmotion, Unreal Engine 5.

General

Microsoft Office. Bilingual - English / Spanish.

EXPERIENCE

Independent

Freelance Visualization (2025-present)
Renovation visualization for real clients - sketch to photoreal render.

Happy Kids Pediatrics

Resource Coordinator (2022-2024)
Scheduling, insurance verification, referrals;
HIPAA-compliant patient care.

OnTrac

Delivery Driver (2019-2022)
Route planning, commercial delivery logistics, and accountability.

EXPERIENCE (CONT.)

U.S. Marine Corps

Generator Mechanic / Electrical (2008-2012)
Coordinated setup and repair of field power units and components to USMC standards.

Excavation Laborer - J. Skalley

Site Work (2006-2007)
Executed excavation for foundations and drainage;
hands-on constructibility.

SELECTED WORKS

04

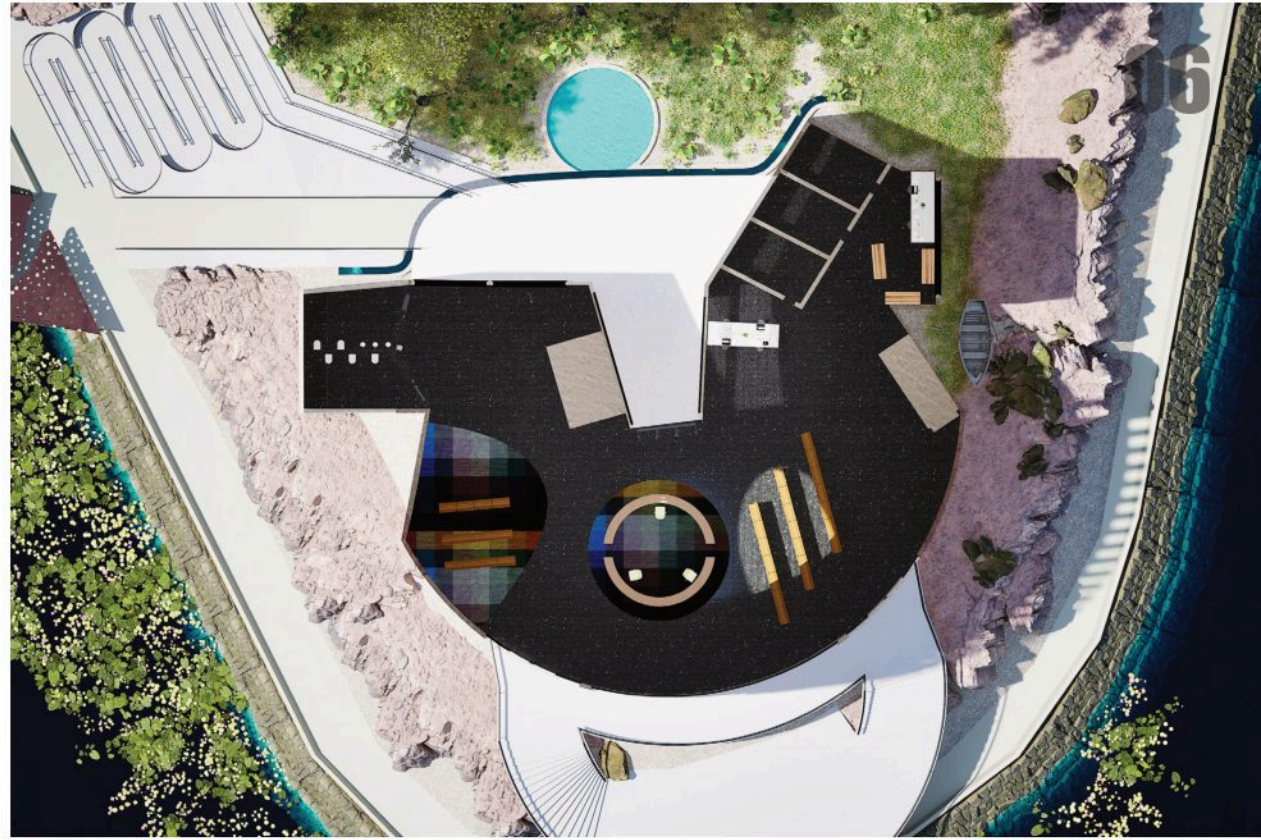

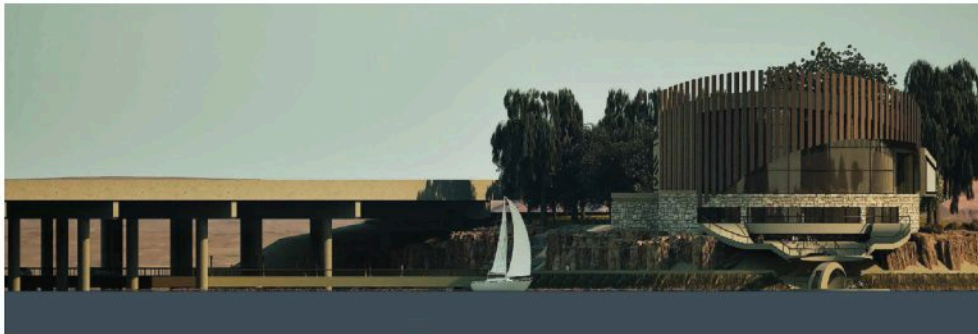

MOONLIGHT LIBRARY - ARC 301 / GUGULETHU KINDERGARTEN - ARC 302

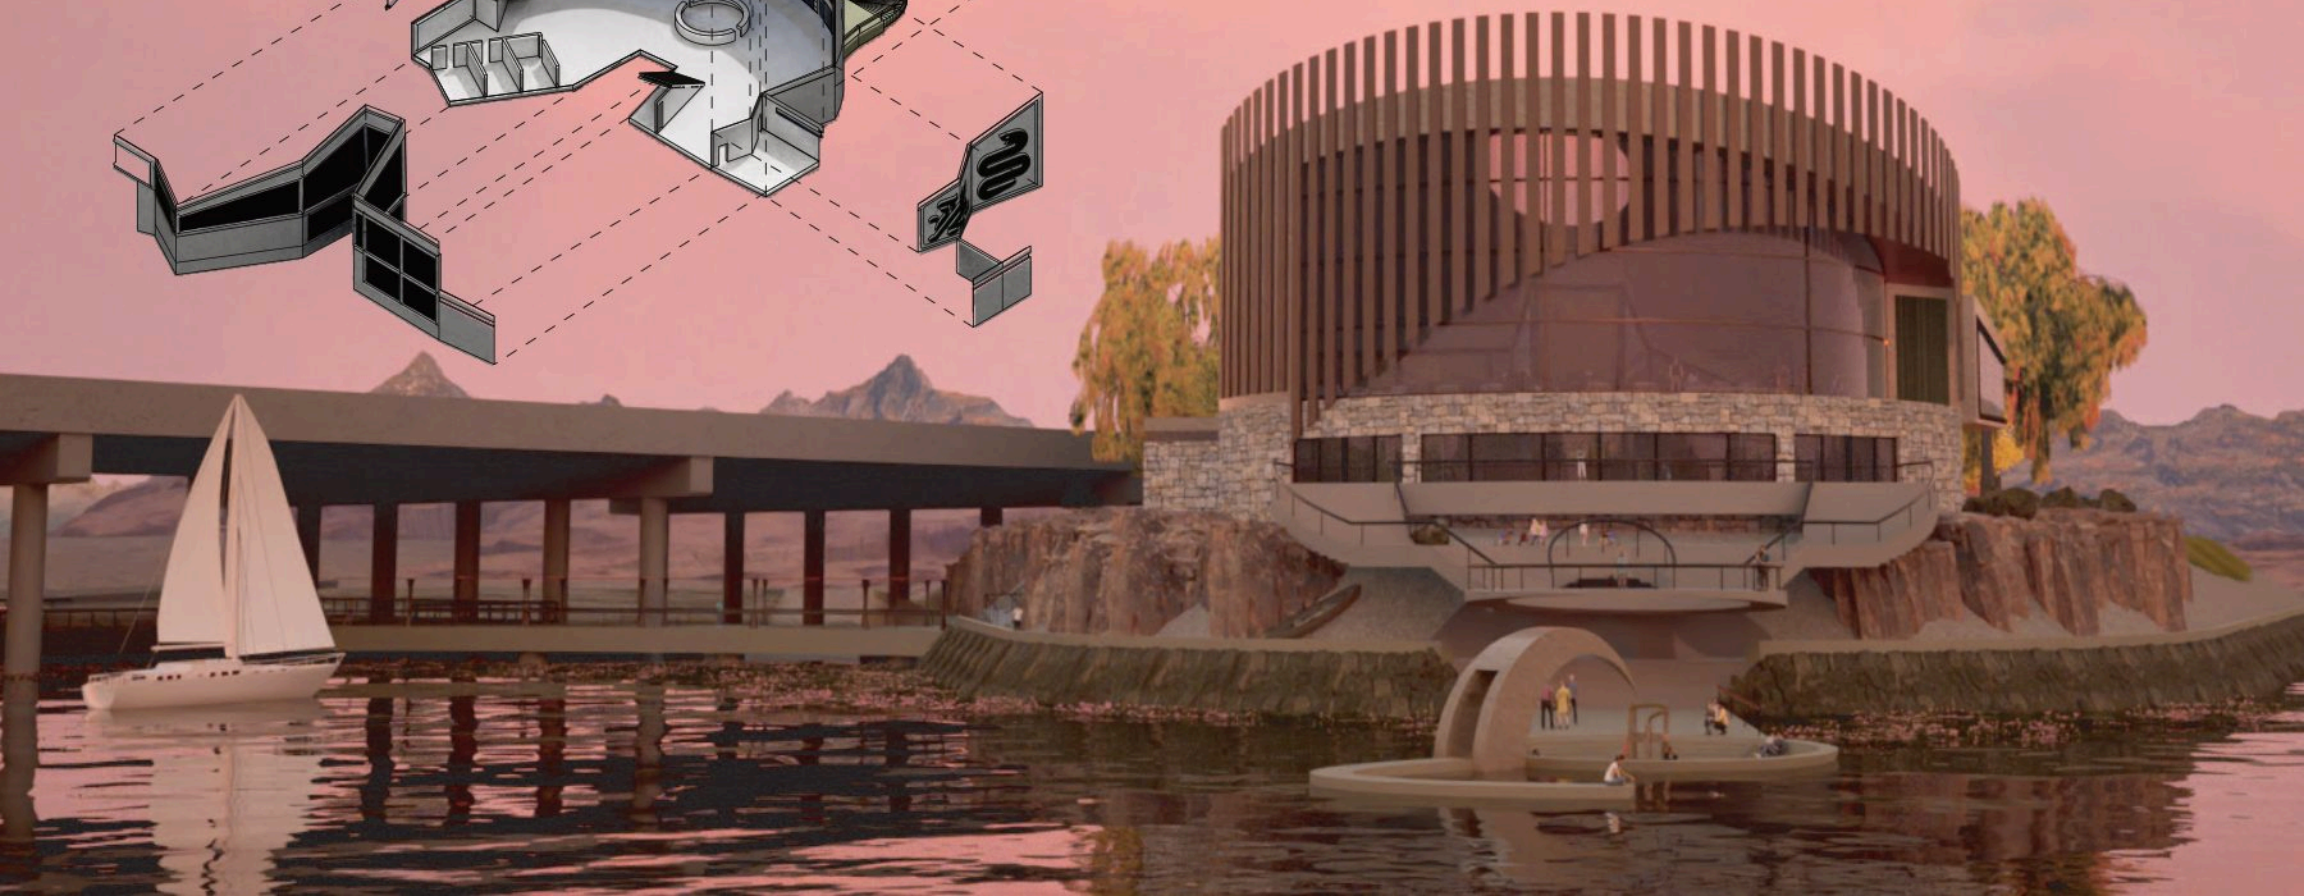

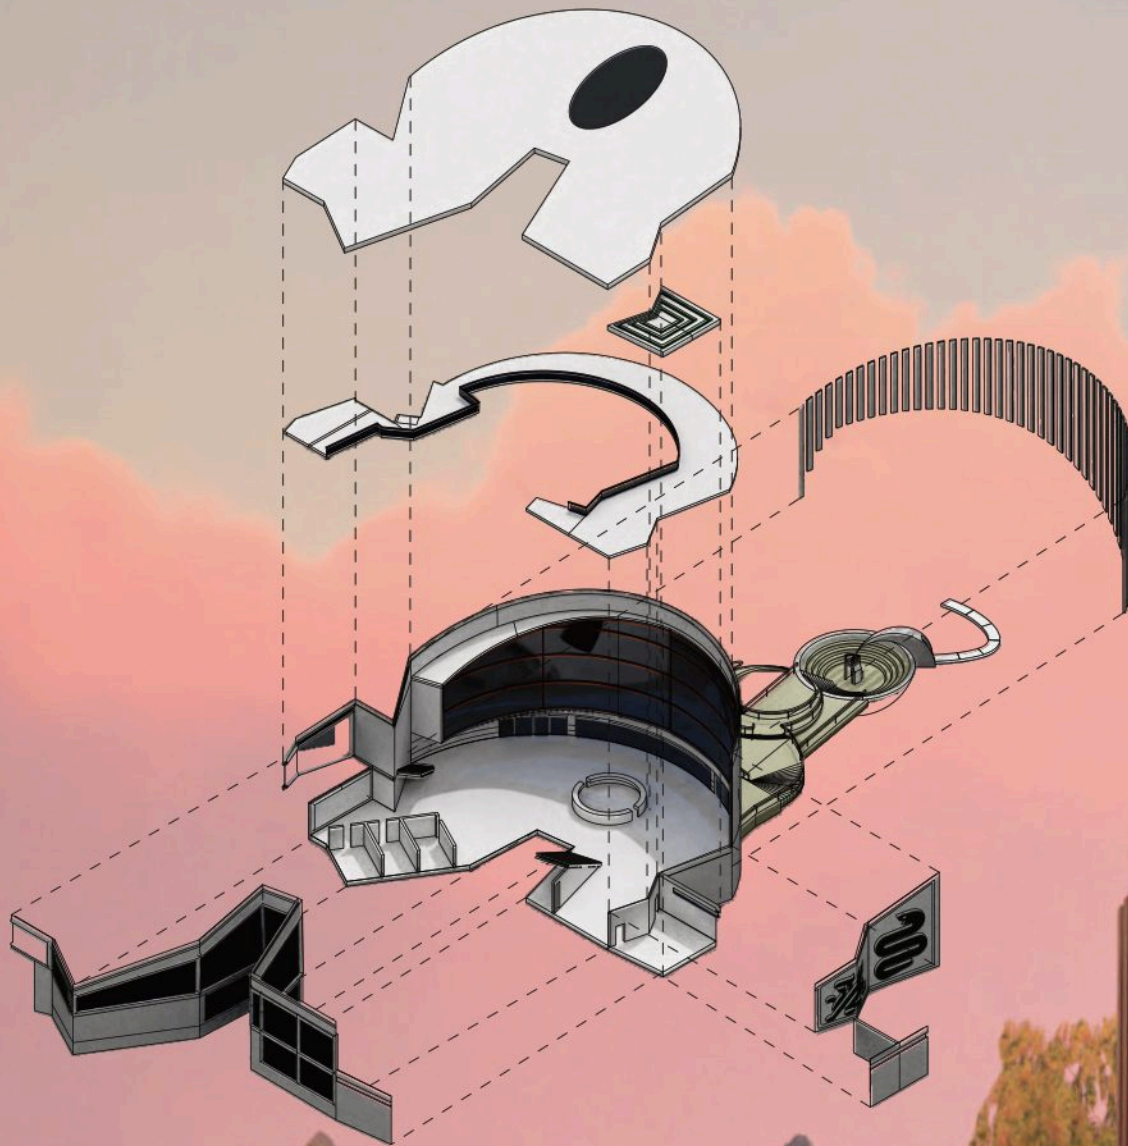

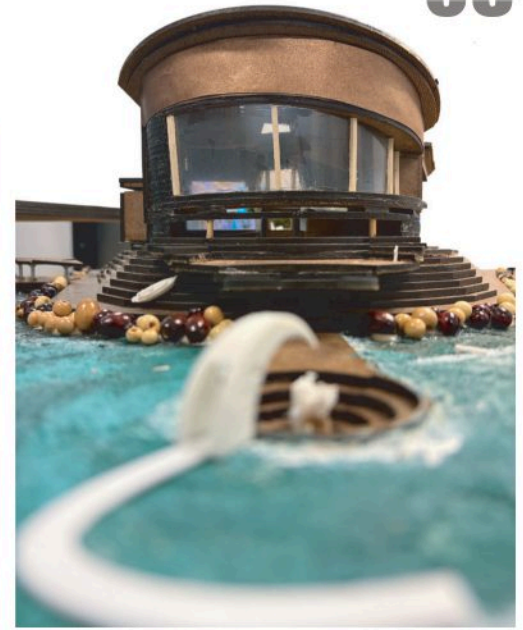

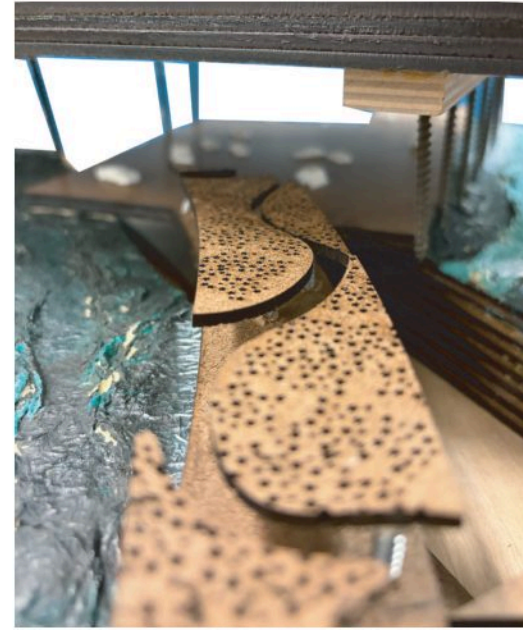

MOONLIGHT LIBRARY

The **Moonlight Library** is a lakeside library on Tempe Town Lake that blends riparian ecology with the wonder of childhood imagination. Drawing inspiration from *Where the Sidewalk Ends* and *Harry Potter and the Sorcerer's Stone*, the design uses fluid, nature-driven forms and playful spatial moments to create a place where stories feel alive. It invites visitors to explore, read, and wander as the boundaries between landscape and literature gently blur.

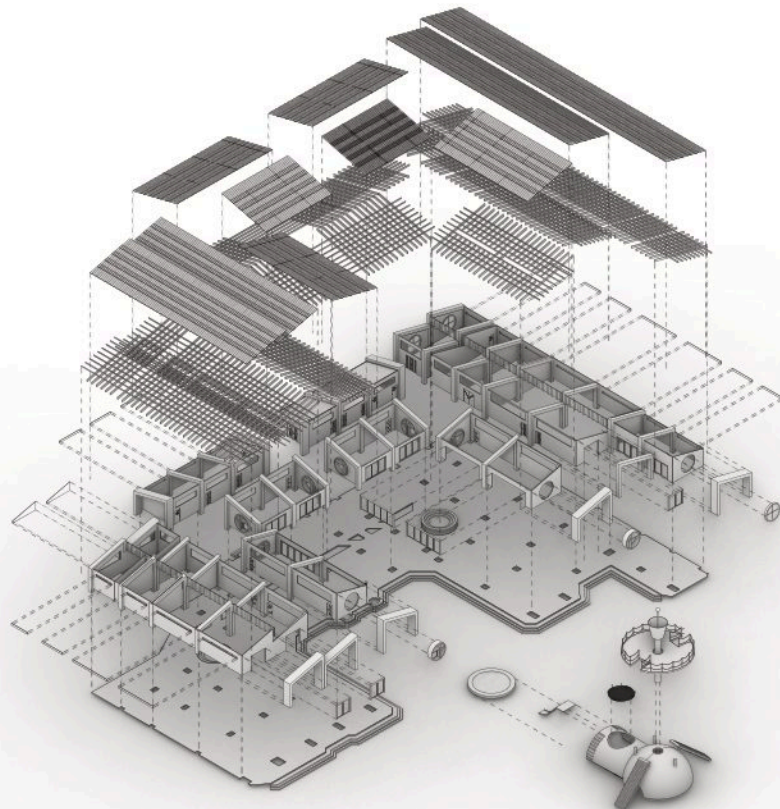

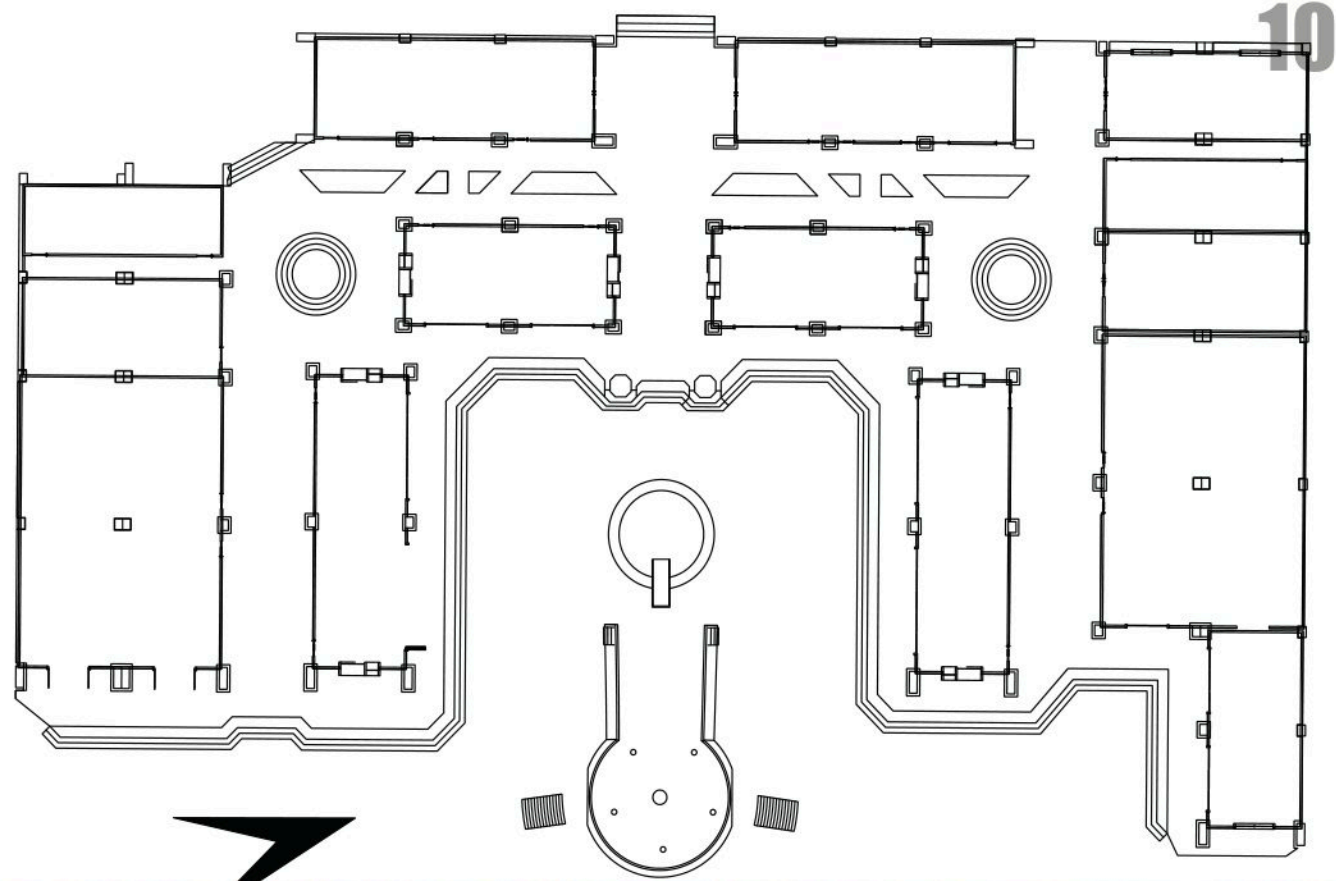

GUGULETHU KINDERGARTEN

Located in Gugulethu Township, South Africa, **Camp Gugu** is an early childhood learning center for children ages 1 to 5.

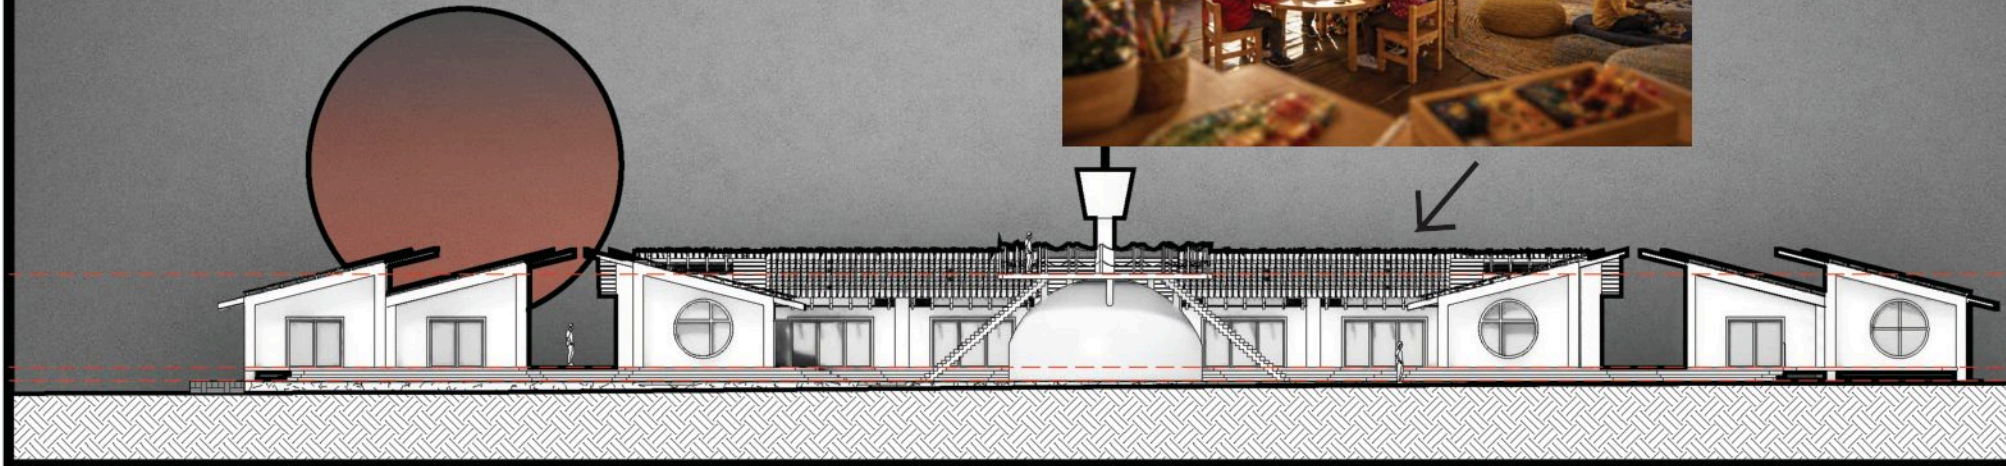

Influenced by socioeconomic conditions, seasonal weather trends, and infrastructure, this project was heavily focused on sustainable materiality, availability and biomimicry.

The project was also focused on integrating the 7 moments of play: Campfire, Cave, Hands-on, Mountain Top, Movement and Watering Hole.

16

Sunnyslope HS Classroom Addition - a complete CSI MasterFormat estimate: \$793,749 direct cost across 5,071 SF (\$157 / SF), built up through bonds, insurance, overhead, and profit to a \$1.08 M final bid.

SUNNYSLOPE HS - RENDER

Division 3 — Concrete

Division 3 includes ready-mix slab and footing concrete, formwork, slab-on-grade reinforcement, footing rebar, and miscellaneous embeds. A 10% allowance for L-shaped wall-anchor bolts is carried as a percentage line item.

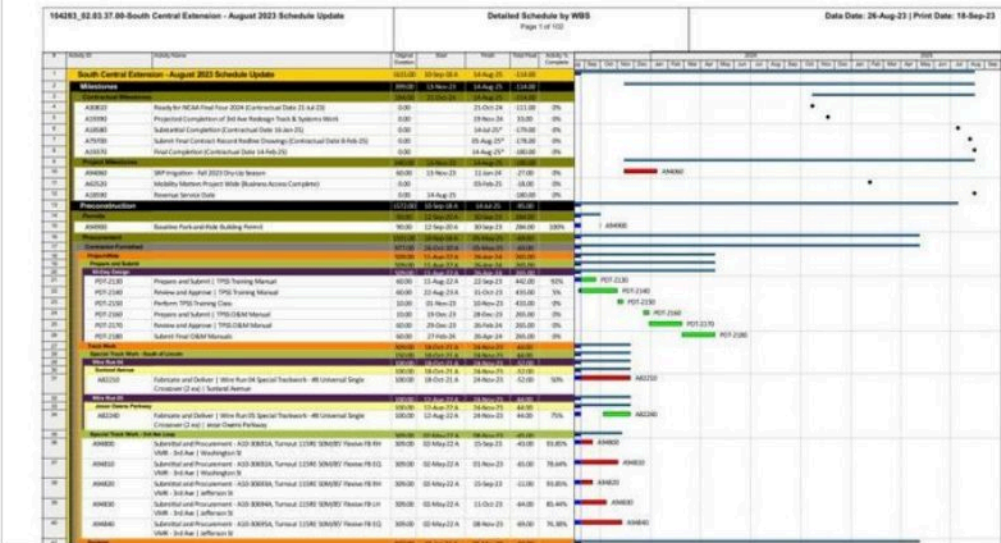

Cost Code	Item Description	Qty	Unit	Material	Labor	Equip.	Subtotal
33105.250335	Normal Weight Ready-Mix 4500 psi	68	CY	\$7,214.36	—	—	\$7,214.36
33105.702950	Place Concrete Foundation Mat (Pumped)	68	CY	—	\$411.76	\$131.36	\$543.12
33543.100510	100-Grit Concrete Floor Polish	0.06	MSF	\$1.83	\$26.33	\$7.36	\$35.79
31113.655050	Forms in Place — Slab, 2"x4"	386	LF	\$258.62	\$575.14	—	\$833.76
33053.403850	Footings 3000 psi spread, over 5 CY	17	CY	\$3,050.52	\$1,085.78	—	\$4,136.30
32110.600600	#4 Uncoated Rebar — Slab on Grade	1.7	TON	\$1,578.82	\$1,162.89	—	\$2,741.71
31123.750050	Stair Forms, 2-use	4	SF	\$10.60	\$48.40	—	\$59.00
32110.600500	#5 Rebar in Footing	0.108	TON	\$100.59	\$81.12	—	\$181.71
—	Misc. L-Shaped Bolts as Wall Anchors (10%)	—	%	\$1,574.58	—	—	\$1,574.58
DIVISION 3 TOTALS				\$13,789.92	\$3,391.42	\$138.72	\$17,320.06

CONSTRUCTION MANAGEMENT - PLANNING & SCHEDULING

South Central Extension, detailed schedule (Proj. 20207, Source: Network Rail project, activity refers to our chart showing durations, logic, and milestones.

PRIMAVERA P6 - CPM MASTER SCHEDULE

Constructors (Pulce / Flatiron / FNF, an ACS Group joint venture). All-activities view from 2021 to 2026 with milestones, deliverables, and phased lane openings.

TAKT PLAN - TRADE FLOW BY AREA

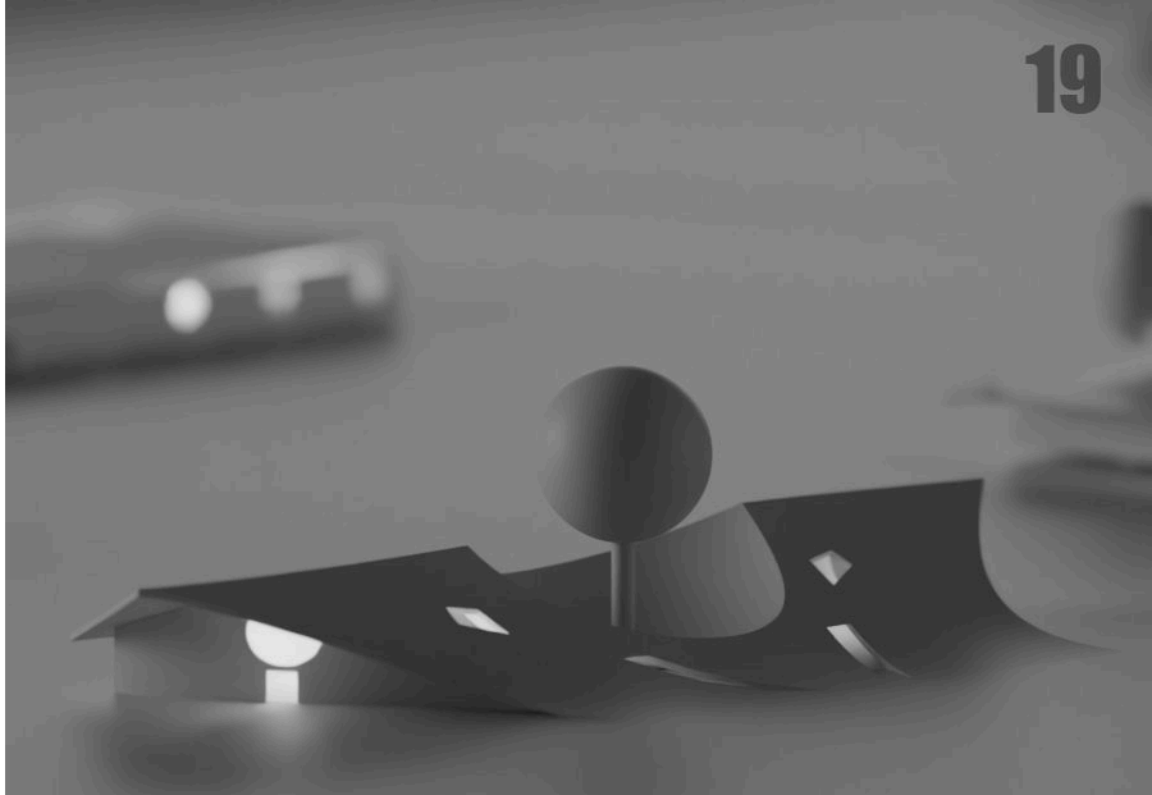

CON 495 planning portfolio - CPM master schedules, Primavera P6, heavy-civil baselines, and short-term takt / look-ahead plans across multiple project types.

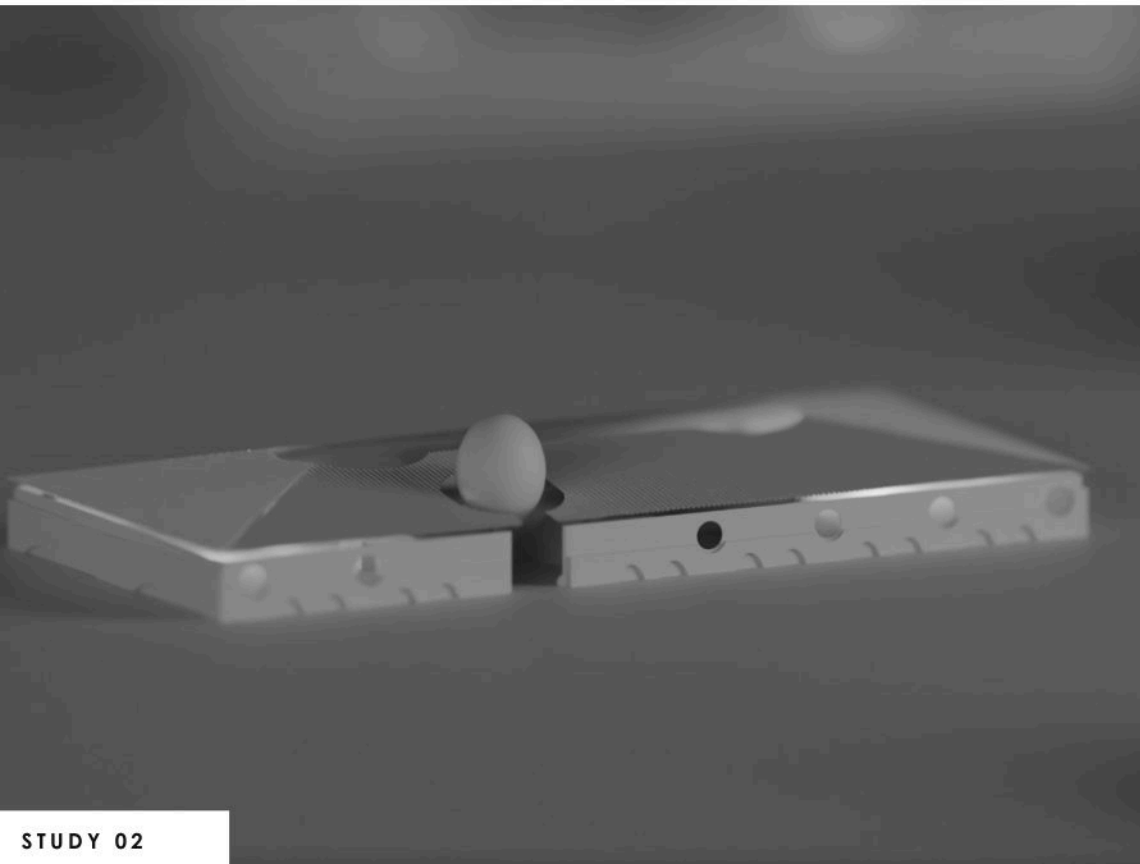

CONCEPT MASSING

Rapid massing studies modeled in Rhino and rendered as clean clay - exploring form, circulation, and site strategy before committing to a scheme. Each study tests a different pairing of roof form, court, and circulation spine, and interactive 360 turntables of every model are available on the web portfolio.
