## PROFILE

Architectural designer combining design, construction, and film. Trained in Architectural Studies and Construction Management at ASU, with a degree in animation and hands-on site experience. Builds real-time, VR, and cinematic presentations in Unreal Engine 5 and Twinmotion that help clients understand and approve designs before construction.

## EXPERIENCE

DESIGN + FIELD

### Architectural Visualization Designer
2025 - Present

*Independent*

- Take renovation clients from site measure and sketch to photoreal renders, so they can see and approve design decisions before construction starts.
- Build 3D models of proposed designs in Rhino, Twinmotion, and Unreal Engine 5, and manage revisions and final delivery directly with each client.

### Generator Mechanic / Electrical
2008 - 2012

*U.S. Marine Corps*

- Set up, maintained, and repaired field power and distribution systems to USMC standards.

### Excavation Laborer
2006 - 2007

*J. Skalley Site Work*

- Excavated for foundations and drainage: first-hand sitework sequencing and constructability.

ADDITIONAL

**Resource Coordinator** *Happy Kids Pediatrics & Feliz Care Centers* 2022 - 2024

**Parcel Delivery Driver** *OnTrac* 2019 - 2022

## SELECTED PROJECT

### Yavapai-Apache Cultural Center Reconstruction

Research-based digital reconstruction of Dennis Numkena's lost cultural center in Camp Verde, AZ. Modeled in Rhino and presented as a film walkthrough and live interactive 3D model.

## EDUCATION + HONORS

### Arizona State University

B.S. Architectural Studies (Expected May 2027)
Minor in Construction Management

### Mesa Community College

A.A.S. Animation & Time-Based Media

### Design Excellence Award

ASU The Design School (Spring 2026)

### U.S. Marine Corps Veteran

Four years of service, 2008 - 2012
